<u>Term</u>	<u>Auti</u>	itumn Spring		3	<u>Summer</u>	
Catholic Social Teaching ROOTED IN LOVE	Care for Creation The world was made by God, so we take care of God's creation.	Preferential Option for the Poor The 'preferential option' means allowing someone to have the first choice.	Solidarity and Peace God calls us to be peacemakers in the world – to stand in solidarity with those in need.	Community and Participation As humans, we are made to live in community with one another. This means being active members of the world we live in. We are meant to look out for each other and build each other up. This is how God wants us to live.	Dignity of Workers Work is fundamental to the dignity of a person	Human Dignity Treating someone with dignity means treating them with love, kindness and respect. Everyone should be treated with dignity because we are made in the image and likeness of God.

Year: 3 Teacher: DF

<u>Science</u>	Animals including	Forces, Earth and Space	<u>Materials</u>	<u>Energy</u>	<u>Plants</u>	Making
Science	 Animals including humans Movement and nutrition Studying the human skeleton, children will identify key bones and compare them to other animals explaining the role within the body. Pupils will explore how changes in muscles result in movement and the implications these discoveries have in the scientific development of prosthetic limbs. They study how energy is used by the body, what constitutes a balanced diet in humans and how research contributes to nutritionist expertise. 	Forces, Earth and Space Forces and magnets Investigating the movement of vehicles on different surfaces, children learn about the impact of friction and compare uses and drawbacks. They broaden their experience in writing scientific methods and recording data as they investigate contact and non-contact forces. Pupils explore the properties of different magnets and use this to understand their uses	MaterialsRocks and soilsStudying rocks and their properties, children learn how to classify rocks and identify how they were formed.They look at the work of palaeontologists to learn about fossil formation and use models to explore how fossils tell us about the past.Pupils investigate the physical properties of rocks and link these to their particular uses.Pupils also explore soil formation, separate soil using a sedimentation jar and test soil drainage.	Light and shadows Light and shadows Identifying examples of light sources, children learn that light is needed to see and how its absence causes darkness. Children investigate reflection and shadow formation, including how different factors affect shadows. - They explore how shadows can be used to entertain in the arts and create shadow puppets to recount how different people work or experiment with light	PlantsPlant reproductionHow does your garden grow?Building on their prior knowledge of plant structures, children describe the functions of named parts and use evidence to explain their significance in plant development.Pupils investigate factors that may affect plant growth and how water is transported.They explore how seeds vary and create models to show seed dispersal methods.	MakingconnectionsDoes handspan affect gripstrength?Experimenting,analysing dataand drawingconclusionsallows childrento explore therelationshipbetween handspan and gripstrength.They testdifferent glovesto improve gripstrength andapplying theirnewfoundknowledge todesign frictiongloves,fosteringscientificinquiry andproblem-solving skills.

<u>Music</u>	Ballads Learning what ballads are, how to identify their features and how to convey different emotions when performing Selecting vocabulary to describe a story, before turning it into lyrics following the structure of a traditional ballad.	Creating compositions in response to an animation (Theme: Mountains) Listening to music and considering the narrative it represents by paying close attention to the dynamics, pitch and tempo and how they change throughout the piece. Creating original compositions to match an animation.	Developing singing technique (Theme: <u>Vikings)</u> Developing singing technique; learning to keep in time, musical notation and rhythm, culminating in a group performance of a song with actions.	Pentatonic melodies and composition (Theme: Chinese New Year) Using the story of Chinese New Year as a stimulus: revising key musical terminology, playing and creating pentatonic melodies, composing a piece of music in a group using layered melodies and performing a finished piece.	Jazz Learning about ragtime style music, traditional jazz music and scat singing. Children create a jazz motif using a swung rhythm and play a jazz version of a nursery rhyme using tuned percussion.	Traditional instruments and improvisation (Theme: India) Introducing to traditional Indian music. Learning about the rag and tal, listening to a range of examples of Indian music, identifying traditional instruments and creating improvisations and performing.
<u>Art/DT</u>	Art – Craft and Design: Ancient Egyptian scrolls Learning about the way colour, scale and pattern influenced ancient Egyptian art, children explore the technique of papermaking to create a papyrus-style scroll. Ideas are extended to	DT – Structures: Constructing a castle Learning about the features of a castle, children design and make one of their own. Using configurations of handmade nets and recycled materials to make towers and	DT – Digital world: Wearable technology Design, code and promote a piece of wearable technology to use in low light conditions, developing their understanding of programming to monitor	Art – Prehistoric Painting Investigating making their own paints, making tools and painting on different surfaces, the children explore prehistoric art.	Art – Drawing: Growing Artists Using botanical drawings and scientific plant studies as inspiration, pupils explore the techniques of artists such as	DT – cooking and nutrition: Eating seasonally. Pupils discover when and where fruits and vegetables are grown and learn about

Year: 3 Teacher: DF

create a modern response by designing 'zine'.	turrets and constructing a base to secure them.	and control products to solve a design scenario.		Georgia O'Keefe and Maud Purdy to draw natural forms, becoming aware of differences in the choice of drawing medium, scale and the way tonal shading can help create form.	seasonality in the UK. They respond to a design brief to design a seasonal food tart using ingredients harvested in the UK in May and June.
PEBall SkillsI can catch different sized objects with increasing consistency with two hands.I can dribble a ball with control.I can persevere when learning a new skill.I can provide feedback using key words.I can show a variety of throwing techniques.I can throw with accuracy and increasing	 another. I can complete actions with increasing balance and control. I can provide feedback using keywords. I can use matching and contrasting actions in a partner sequence. 	 Dance I can repeat, remember an perform a dance phrase. I can use counts to keep in time with a partner and group. I can use dynamic and expressive qualities in relate to an idea. I can create short dance phrases that communicate the idea. 	l can return a ball to a partner.	GolfI can hold all equipment correctly.I can provide feedback using keywords.I can strike the ball with some accuracy.I can work on my own, with a partner and as a team.I mostly have the correct stance for putting.	Rounders I can play different roles in a game and begin to think tactically about each role. I can develop the bowling action and learn the rules of bowling. I can begin to run around the outside of the bases and make decisions about when to stop

Year: 3 Teacher: DF

	I can track the path of a ball that is not sent directly to me.	I use a greater number of my own ideas for movements in response to a task. With help, I can help recognise how performances could be improved.		I can understand the benefits of exercise. I work cooperatively with my group to self-manage games.	I show balance when striking the ball. I understand the aim of the game.	and when to run. I can learn to field a ball using a two handed pick up and a short barrier. I can develop a batting technique and an understanding of where to hit the ball. I can apply skills and rules learnt to play rounders.
<u>RSHE</u>	1- N/A	Session 1: Get up Session 2: The Sacraments Session 1: We don't have to be the same. Session 2: Respecting our bodies	Session 1: What am I feeling? Session 2: What am I looking at? Session 3: I am thankful Session 1: Lifecycles.	Story Sessions: Jesus my friend Session 1: Friends, Families and others. Session 2: When things feel bad.	Session 1: Sharing online. Session 2: Chatting online. Session 3: Safe in my body. Session 4: Drugs, alcohol, tobacco.	Session 1: A community of Love. Session 2: What is the church? Session 1: How do I love others?

Year: 3 Teacher: DF

				Session 5: First Aid Heroes.	
French TBCAncient BritainIn this unit the children will learn how to: • Learn and use the 	Seasons (E) In this unit the children will learn how to: •Recognise, recall and remember the four seasons in French. •Recognise, recall and remember a short phrase for each season in French. •Say which their favourite season in French is.	 Phonetics lesson 1 (C) & I'm Learning Fr/Sp/It (E) and Fruits Introduce the first set of phonic sounds/phonemes in French, ch , ou , on , oi. In this unit the children will learn how to: Name and recognise up to 10 fruits in French. Attempt to spell some of these nouns Ask somebody in French if they like a particular fruit Say what fruits they like and dislike. 	MUSICAL INSTRUMENTS In this unit, the children will learn how to: ·Recognise, recall and spell up to ten instruments in French with the correct definite article/determiner. ·Understand articles/determiners better and that the definite article/determiner the' has a plural form in French. ·Learn to say and write 'I play an instrument' in French using the high frequency 1st person regular verb 'je joue' (I play) with up to ten different instruments.	Heroes. FRUITS OR VEGETABLES In this unit the children will learn how to: · Name and recognise up to 10 vegetables in French. · Attempt to spell some of these nouns (including the correct article) · Learn simple vocabulary to facilitate a role play about buying vegetables from a market stall. · Say if they would like one kilo or a half kilo of a particular vegetables.	PETIT CHAPERON ROUGE In this unit the children will learn how to: · Sit and listen attentively to a familiar fairy tale (Little Red Riding Hood) in French. · Use picture and word cards to recognise and retain key vocabulary from the story. · Name and spell at least three parts of the body in French as seen in the story.
